2026

SIGNAL — founded

B2B

first contract in negotiation, \$3K/mo

4

companies built from scratch

73%

growth in prior CEO tenure

Building SIGNAL: AI infrastructure for the music industry — an operating system for record labels that centralizes operations and automates strategic management of artists and catalog. Before SIGNAL, I spent a decade building organizations from zero: scaled an educational institution 73% in 7 years as CEO, and co-founded an AI-driven digital products holding company. My pattern: identify an underserved market, build the business structure from scratch, and lead product and brand to real traction.

SIGNAL — FEATURED VENTURE

SIGNAL — Co-Founder & Head of Strategy 2026–Present

AI-powered operating system for record labels: automates operations and powers strategic management of artists, releases, and catalog.

- Defined business strategy, brand positioning, and product design from scratch, at pre-seed stage.
- Led the buildout of the commercial pitch and go-to-market strategy for the music industry.
- In negotiation for a \$3,000 USD/month B2B contract with a record label — validating the revenue model.
- Part of the founding team building the MVP, focused on product strategy and customer acquisition.

FOUNDER TRACK RECORD

Sonora Digital Corp — Founder & CEO

2024–Present

- Built an AI-driven digital products holding company from scratch; launched 2 ventures to market (YAMI, Sonora Music Hub) using Vercel, OpenRouter AI, and MCP.

Hermosillo Educational Institute — CEO

2017–2024

- Scaled revenue 73% over 7 years leading strategy and operations for a 150-student institution and teams of up to 30.

Downtown Studios — Founder

2015–2017

- Bootstrapped a creative studio from zero to 200+ clients and a team of 4.

Also co-founded Northwest Dental Studio (clinic, \$500K MXN initial investment) and Dos Centenarios Corporation (real estate) — structuring both from the ground up legally and financially. Independent strategy consultant for 13 clients / 25+ projects (2015–present).
